Annual Education Report (AER) Cover Letter (2013-2014)

August 15, 2014

Dear Parents and Community Members:

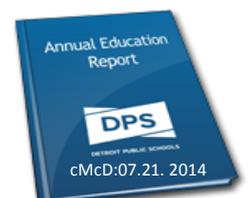

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2013-2014 educational progress for the Ann Arbor Trail Magnet School. The AER addresses the complex reporting information required by Federal and State laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact, Darron Jackson, Principal at (313) 274-8560 for assistance.

The AER is available for you to review electronically by visiting the District's website <http://detroitk12.org/aer> or the school's website at <http://detroitk12.org/schools/annarbortrail/>. You may also view a printed copy in the main office at your child's school or at the Parent Resource Center located at the Detroit International Academy, Room 141, 9026 Woodward Avenue, Detroit, Michigan 48202.

The State has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the State. Our school has been identified as a Priority school.

The key challenges for our school are as follows:

- **We did not meet the 90% attendance rate goal.**
 - The attendance rate for the All Students subgroup is 86%.

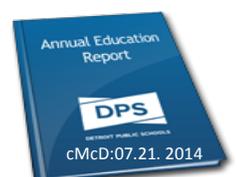

The key challenges for our school are as follows: (Continued)

- **We did not test 95% of our students.**
 - Only 52.50% of the Students with Disabilities subgroup was assessed in mathematics.
- **We did not attain Differentiated target achievement goals for all subgroups of students in reading.**
 - Only 18.75% of the Bottom 30% subgroup met the Differentiated target in reading.
- **We did not attain Differentiated target achievement goals for all subgroups of students in writing.**
 - Only 0.00% of the Bottom 30% subgroup met the Differentiated target in writing.
- **We did not attain Differentiated target achievement goals for all subgroups of students in mathematics.**
 - Only 7.89% of the Bottom 30% and 34.41% of the Economically Disadvantaged subgroups met the Differentiated target in mathematics.
- **We did not attain Differentiated target achievement goals for all subgroups of students in science.**
 - Only 20.93% of the All Students; 0.00% of the Bottom 30%; 20.99% of the Black and 18.33% of the Economically Disadvantaged subgroups met the Differentiated target in science.
- **We did not attain Differentiated target achievement goals for all subgroups of students in social studies.**
 - Only 8.05% of the All Students; 0.00% of the Bottom 30%; 8.33% of the Black and 7.35% of the Economically Disadvantaged subgroups met the Differentiated target in social studies.

We are actively working to address our Michigan School Scorecard issues, accelerate student achievement and close persistent gaps in achievement by implementing the following key initiatives:

We have added online support for our Mathematics programs, and we are developing strategies to support Science and Social Studies. Math, Science, and Social Studies need interventions that are more rigorous. Our staff developments will focus on strategies to maximize those programs, which we already have in place such as Classroom without Walls field trips, Michigan Camping, and Moby Max Math.

However, with the new cut scores, we have found a need to implement the following plan to increase student achievement to the next level for the fall:

- Staff training in August on Touch Math
- Small group support for struggling students
- Instructional Specialist in Reading and Math
- Individualized Instructional Plans
- Parent-Teacher Conferences
- Student Led Conferences
- Decreasing student tardiness and absences
- Improve student online assessment practices

The use of these and other strategies will give us an opportunity to focus our attention on those students with the greatest needs. We will use the Common Core and State Standards to focus on objectives necessary for success with all of our students.

Parent Involvement

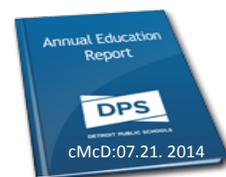

We hold monthly parent meetings called PACSA (Parent Advisory Council on Student Achievement). These meetings will provide parents with the necessary training to support their child's academic achievement. Parents learn to read and understand all school related assessment data. What they need to support their child at home. We also provide training using computers for all of our online programs such as Khan Academy and Renaissance Learning. Parents receive Parent Connect Agreement Contracts so that they have complete access to their child's current record information. We also ask that parents plan to attend and volunteer for the numerous student/parent programs we hold through the year.

State law requires that we also report additional information.

Process for Assigning Pupils to the School

Detroit Public Schools has an "Open Enrollment Initiative." This initiative allows students to elect to attend any Detroit Public School without being required to live within the boundary for that school. The "Open Enrollment Initiative" does not apply to the Examination High Schools or Application Schools. Parents may enroll their child(ren) in the school of their interest as long as the school has not reached capacity for their particular grade. Enrollment preference is given to students who live within the boundary of a school.

It should also be noted that transportation will not be provided for students who select a school outside of the boundary of their home school. "Open Enrollment Initiative" resources can be found on our website at: http://detroitk12.org/resources/prospective_students/

School Improvement Status

Year	School Improvement Status
2013-2014	Priority
2012-2013	No Status

School Description:

Ann Arbor Trail Magnet PreK-8 School, an application school, has a college preparatory focus with an instructional program that includes AP Courses, Introduction to Pre-Algebra, Pre-Algebra, Algebra, Open Court, Language Literacy, World Language, Global Science, and much more.

We address each student as an individual, not as a collective. We start at an early age preparing them for the rigors of high school and college. We will work with every child and every parent to challenge, motivate and drive each child to his or her personal best. We offer foreign language and dance classes, as well as a variety of after-school programs. Please visit our website at <http://detroitk12.org/schools/annarbortrail/> for more detailed information about our school.

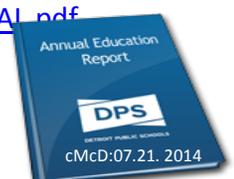

Detroit Public Schools' Core Curriculum:

Consistent with the Detroit Public Schools 2013-2017 Strategic Plan, there are aggressive plans to accelerate the rate of student achievement and to ensure that students graduate with the academic and social skills necessary for success in college and the workplace.

Specific curriculum actions are based on the District's strategic plan to:

- I. Broaden Services to Address Student Needs
- II. Support Parents and Families
- III. Offer Broad/High Quality Programs
- IV. Improve Customer Service
- V. Create Safe Learning Environments
- VI. Transform Central and School based services to serve customers better
- VII. Improve Technology
- VIII. Minimize the Impacts of Change
- IX. Foster School-Based Leadership
- X. Celebrate and Promote Success
- XI. Ensure Fiscal Stability
- XII. Improve Attendance and Discipline

The "Neighborhood-Centered, Quality Schools," Strategic Plan, is available online at http://detroitk12.org/content/wp-content/uploads/2013/03/Strategic_Plan_DRAFT-FINAL.pdf

Access to the Core Curriculum

The instructional strategies and grade level expectations are aligned to the State standards and the NAEP. This represents the core curriculum, which is supported by the texts, materials, computer software and other school level resources used daily in the classrooms. All of the professional development activities are aligned to the core curriculum.

The implementation is a process delineated in the District Plan. This plan serves as the framework for each school's academic achievement plan.

The frequent monitoring of the implementation of these plans are conducted by the school diagnostic visits, review of the benchmark assessments, use of the teacher evaluation tool and adherence to the pacing calendar.

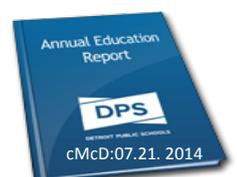

The variances from the State Plan can be found in the grade level expectations, which are also aligned to the higher standards of NAEP.

Parents/Guardians are offered classes to increase parenting skills, early childhood literacy, adult literacy and GED. During the school year, the Regional Parent Resource Center is a vehicle for parents and other community members to participate in regular and on-going informational and participatory sessions focused on curriculum and instruction. Learning Village (an online instructional management system), Web updates and semi-annual progress reports are a means to disseminate achievement information to educators. Parents will have the opportunity to monitor students' progress, including attendance, through **Parent Connect** in the Fall.

Detroit Public Schools Core Curriculum is currently under revision. Pacing Charts and Curriculum guides will be posted to the Division of Teaching and Learning under the Leadership page of our website in the near future.

Parent Engagement

- ❖ Use the technology portal for parents to view daily lessons and to communicate with teachers.
- ❖ Implement and follow through with the parent contracts.
- ❖ Use the Parent Resource Center to engage parents in innovative workshops and sessions that are practical and will result in parent support to students at home.

Student Achievement Results

Aggregate Student Achievement Results and Detroit Public Schools Quarterly NWEA~MAP Reading and Mathematics reports for Ann Arbor Trail Magnet PreK-8 School can be found on the Detroit Public Schools' web page at the Research, Evaluation and Assessment site at <http://detroitk12.org/data/rea/>. The following reports are available:

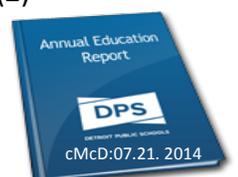

- District Profile Report
- Combined School Profile Reports
- Individual School Profile Reports
- Adequate Yearly Progress (AYP) Reports
- Michigan Accountability Scorecard Report
- Annual Education Report
- NWEA ~ MAP aggregate student achievement results

Parent-Teacher Conferences (Interactions):

School Year	Total Parent Interactions	Percent
2013-2014	373	19.1%
2012-2013	412	20.2%

The Detroit Public Schools' Office of Research, Evaluation, Assessment and Accountability has developed a data collection system which has enabled the District to comply with the Annual Education Report criteria of identifying the number and percent of students represented by parents at Parent-Teacher Conferences (PTC).

- 1.0 Data from the PTC Forms represent "parent interactions" with teachers, per school, per card marking.
- 2.0 Parent Interaction Definition: During Parent-Teacher Conferences Schools/Teachers are advised to have each parent participant provide a parent signature-a parent may not sign for a student if they did not talk about that student.
- 3.0 Several DPS schools had a very high percentage of reported parent interactions. This may be due to a number of reasons. In at least eight (8) instances, the calculated percentages are in excess of 100%. In each instance, each of these eight (8) schools may have experienced a large parent turnout at each of the required conferences. If during each conference, one (1) parent with two (2)

Parent-Teacher Conferences (Interactions): (Continued)

students enrolled in the school visited three (3) teachers for each of their two (2) students, this would count as six (6) parent interactions, thus increasing the base number and resulting percentage.

We would like to wish our students, parents and community a successful school year.

Sincerely,

Darron Jackson, Principal
