

(improvement metric), or “Beating the Odds” by outperforming the school’s predicted ranking and/or similar schools. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school does not receive an Accountability Status school. A. Philip Randolph Career Technical High School, services Grades 9 and 10. Located on the Northwest side of the city, it is a unique school within the Detroit Public Schools district in that it prepares students to be globally competent using an Early College Program along with Career Technical Education. This dual enrollment system, offers our high school students to complete a high school diploma while earning college credits that can be used towards a general Associate's Degree or Skilled Trade Certificate in the construction industry. It is a small sized school which allows for small class sizes and personal academic attention to each of our students.

In the fall of 2014, A. Philip Randolph Technical High School began the transition from being a career and technical center to becoming a comprehensive high school. In its first year, the high school had 48 ninth (9th) grade students who have completed two college classes and began exploring the building trades. During the 2015-2016 school year, A. Philip Randolph Technical High School added 10th grade students to the existing student population. In the 10th grade, students began specialized training in the skilled trades along with the rigorous academic curriculum supported by reading and math learning labs. Students have a unique experience that will enable them to be successful upon graduation.

We are actively working to accelerate student achievement and close gaps in achievement. Randolph Technical High School has implemented two main strategies to improve overall performance in all academic areas. The first strategy is implementing 6 +1 Trait Writing Across the Curriculum. This strategy will improve both reading comprehension and writing. The second strategy is implementing Interactive Graphic Organizers from Read-Write-Think. These organizers will help in understanding key concepts in all subject areas including Math. A Gap analysis will be completed every 10 weeks to determine how to best close the performance gap for all subgroups and the most at-risk students.

Randolph Technical High School is also implementing Restorative Practices to address all climate concerns including attendance, tardy and graduation rates. The current attendance rate is 90% with a truancy rate of 10%.

We do not have a graduation rate as of yet because we are in our second year of operation. Student data will be assessed every ten (10) weeks for all behavior related concerns including attendance and truancy.

Parent Involvement

As research has shown us, parental involvement is a vital necessity. Parents can be involved by participating in the Parent Portal, monitoring homework assignments, attending Parent Teacher conferences, having open lines of communication with the school and making certain that contact information remains accurate.

State law requires that we also report additional information.

Process for Assigning Pupils to the Schools

Open Enrollment Initiative

Detroit Public Schools Community District has an “Open Enrollment Initiative.” This initiative allows students to elect to attend any Detroit Public School Community District school without being required to live within the boundary for that school. The “Open Enrollment Initiative” does not apply to the Examination High Schools or Application Schools. Parents may enroll their child(ren) in the school of their interest as long as the school has not reached capacity for their particular grade. Enrollment preference is given to students who live within the boundary of a school. It should also be noted that transportation will not be provided for students who select a school outside of the boundary of their home school. “Open Enrollment Initiative” resources can be found on our website at:

http://detroitk12.org/resources/prospective_students/

Application Schools

Detroit Public Schools Community District has twenty-two (22) schools that require an application for enrollment. Families can apply during the application process window. Applications are open to families of current Detroit Public Schools Community District students as well as those newly enrolling or attending school elsewhere. The District uses one application for its Application Schools. Please note requirements on the application for submission of report cards, test data, transcripts, essay and Grade Point Average information. Schools also may have other individual entry requirements. Be prepared to provide behavior reports.

Examination High Schools

During the Examination High Schools application window, all 8th grade students attending public and non-public schools are eligible to apply for admission to the 9th grade at Cass

Examination High Schools (Continued)

Technical High School, Renaissance High School and Martin Luther King, Jr. Senior High School’s Mathematics, Science and Applied Technology (MSAT) and Center for International Studies and Commerce programs. Residency is not required. During the beginning of the school year, students must complete and submit an application to take the placement examination.

An application is available at:

- All Detroit Public Libraries
- All Detroit Public Schools Community District’s Middle Schools
- Detroit Public Schools Community Districts’ Parent Resource Centers
- Detroit Public Schools Community District Research and Assessment Office located in the Support Services Complex Building A - 1425 East Warren Avenue

Students must submit an application to be eligible to take the examination. Completed applications and all required documents must be submitted to the student’s current school or the Detroit Public Schools’ Office of Research and Assessment. Detroit Public Schools Community Districts’ students who submit an application will test at their middle school. Non-Detroit Public Schools Community Districts’ students who submit an application will be notified of their testing date and location by mail. Applications may be mailed.

School Improvement Status

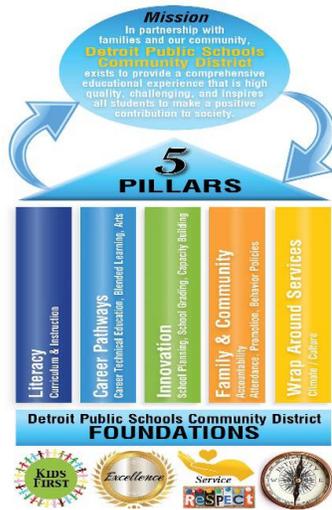

School Year	School Improvement Status
2015-2016	N/A
2014-2015	N/A

We will continue to work towards meeting our School Improvement Plan goals in English Language Arts, mathematics, science and social studies. Research-based strategies, comprehensive data analyses and data driven decision-making drives our school improvement efforts.

School Description

A. Philip Randolph Technical High School is an exclusive school within the district that prepares students for a career in the construction trades industry. Students in the Detroit Metropolitan area are provided an opportunity to gain hands-on experience in construction in collaboration with local businesses, industry leaders and the community. (From: Picking the Perfect School ~ Detroit Public Schools).

Detroit Public School Community District's Core Curriculum

Detroit Public School Community District's Academic Plan will provide guidance to align all resources in the interest of student achievement and support. Consistent with the Academic Plan is an aggressive plan designed to accelerate the rate of student achievement and to ensure that students graduate with the academic and social skills necessary for success in college and the workplace. The plan is organized around five Pillars of Excellence.

Literacy

Provide a continuum of learning, enabling individuals to achieve their goals, to develop their knowledge and potential, and to participate fully in their community and wider society.

Career Pathways

Provide students with a context for studying traditional academics and learning the skills psecific to a career.

Innovation

Create a shift in mindset to ensure staff is encouraged to: be flexible; try something new, and explore new ways of thinking.

Family & Community

Enhance and enrich positive relationships for all stakeholders.

Wrap Around Services

Ensure every student received appropriate support to elevate their social, emotional, and academic performance.

Access to the Core Curriculum

The instructional strategies and grade level expectations are aligned to the Michigan Department of Education standards (science and social studies) and Common Core State Standards (mathematics and English language arts). This represents the core curriculum for Detroit Public Schools Community District which is supported by the texts, materials, computer software and other school level resources used daily in the classrooms. All of the professional development activities are aligned to the core curriculum and/or standards. The implementation is a process delineated in the District Academic Plan at: (<http://detroitk12.org/content/wp-content/uploads/2016/11/ACADEMIC-PLAN-Executive-Summary-FINAL-2.pdf>). This plan serves as the framework for each school's academic achievement plan. The frequent monitoring of the implementation of these plans are conducted by the school diagnostic visits, review of the benchmark assessments, use of the teacher evaluation tool and adherence to the pacing calendar. The public may access the core curriculum via our public website www.detroitk12.org and then click on the link to the individual academic offices.

Parents/Guardians are offered classes through Parent University to increase parenting skills, early childhood literacy, adult literacy and GED. During the school year, the Parent Resource Centers are a valuable resource that allow parents and other community members to participate in regular and on-going informational and participatory sessions focused on curriculum and instruction. The Detroit Public Schools Community District Hub, Web up-dates and semi-annual progress reports are a means to disseminate achievement information to educators.

Student Achievement Results

Aggregate Student Achievement Results and Detroit Public Schools Community District's Quarterly NWEA~MAP Reading and Mathematics reports for our school can be found in the Resources section of our school's website at <http://detroitk12.org/schools/randolphctc/>. The following reports are available on the Detroit Public Schools Community Districts' web page at the Research, Evaluation and Assessment site at <http://detroitk12.org/data/rea/>:

Parent-Teacher Conferences (Interactions)

School Year	Total Parent Interactions	Percent
2015-2016	0	0.0%
2014-2015	80	26.0%

Parent-Teacher Conferences (Interactions) (Continued):

The Detroit Public Schools Community Districts' Office of Research and Assessment has developed a data collection system which has enabled the District to comply with the Annual Education Report criteria of identifying the number and percent of students represented by parents at Parent-Teacher Conferences (PTC).

- 1.0 Data from the PTC Forms represent "parent interactions" with teachers, per school, per card marking.
- 2.0 Parent Interaction Definition: During Parent-Teacher Conferences (and in some instances school open houses) Schools/Teachers are advised to have each parent participant provide a parent signature-a parent may not sign for a student if they did not talk about that student.
- 3.0 Some Detroit Public Schools Community District had a very high percentage of reported parent interactions. This may be due to a number of reasons. In at least two (2) instances, the calculated percentages are in excess of 100%. In each instance, each of these two (2) schools may have experienced a large parent turnout at each of the required conferences. If during each conference, one (1) parent with two (2) students enrolled in the school visited three (3) teachers for each of their two (2) students, this would count as six (6) parent interactions, thus increasing the base number and resulting percentage.

Postsecondary Enrollments (Dual Enrollments): None

College Equivalency Courses: None

Percentage of Students Receiving a Score Leading to College Credit (Scores from: ACT/SAT/AP) None

Our staff wishes to encourage our students, parents, community and stakeholders to continue to have faith in our commitment to meet the educational needs of our students. Our resolve is firm; we will meet the challenge of "creating a successful future" for our students.

Sincerely,

Krista McKinney-King, Principal
