BACKGROUND

For School Year 2008 – 2009, 390 students were enrolled at Pasteur Elementary School, which has grade levels Pre-Kindergarten through Sixth Grade. Ms. Sharon Lawson was the Principal during this time period and has been serving in this capacity since 2007.

Ms. Weatherspoon, an outside contractor, performs the bookkeeping duties and has done so since 2005.

Pasteur maintains a commercial checking account with Comerica Bank. Primary sources of General School Funds include special project funds (i.e., Skillman Good Schools Grant). Sources of District Fund Revenues include Food Services (i.e., lunchroom).

AUDIT OBJECTIVES

The objectives of the audit were to ensure that:

- 1) The cash management system is effective in controlling the receipt, processing, deposit, and disbursement and accounting of funds to limit any risk of theft, misuse and/or misappropriation, and
- 2) General School funds (*for example, student fees, fundraising activities, grants, etc.*) and District funds (*for example, lunchroom receipts, fines, athletic/league game receipts, summer school tuition, etc.*) are properly accounted for, safeguarded and used as intended.

SCOPE & METHODOLOGY

The scope of the audit was to review the cash management activities from July 1, 2008 through March 31, 2009 for school year 2008-2009.

- 1) Interviewed key school officials to obtain an understanding of their cash management process.
- 2) Prepared a process narrative documenting the controls in place for each source of revenue.

Reviewed monthly cash receipt and cash disbursement ledgers: If the ledgers did not exist, transaction activities were compiled by totaling cash receipt records and reviewing the check register for cash disbursements.

- 3) Completed a cash receipt ledger template: The ledger was designed to identify funds, which may have been received but not deposited. Performed research as necessary.

SCOPE & METHODOLOGY (continued)

- 5) Compiled financial data via bank reconciliation templates: Reviewed reconciliations completed by the schools to identify banking irregularities and reconciling items outstanding for an extended period of time. Confirmed bank reconciliations were completed as reported to the Office of Central Accounting.
