

CAPSTONE ACADEMY EDUCATIONAL GOALS

Each year of the contract, the Academy shall provide a written report, along with supporting data, assessing the Academy’s progress toward achieving this goal.

Measure for Determining Goal Achievement

To determine whether the Academy is achieving or demonstrating measurable progress for students, the DPSCD Office of Charter Schools will annually assess the Academy’s performance using the following measures:

Measure: Improvement Toward Educational Targets

The Academy will assess students using the NWEA® MAP® reading and math tests. Improvement towards targets on the MAP tests will be assessed using the following metrics and targets.

Grades	Metric	Participation and Timeliness Target
All grade levels	Growth toward expected target.	80% of students enrolled for at least 6 months will improve towards their expected target on the NWEA® MAP® reading and math tests.

Measure: Participation and Test timeliness

The Academy will assess students who are enrolled for at least 5 days utilizing the NWEA® MAP® reading and math tests and students enrolled for at least 30 days shall have a personalized education path (PEP) plan developed. Initial assessments and the creation of PEP plans will be assessed using the following metrics and targets:

Grades	Metric	Participation and Timeliness Target
All grade levels	Percent of students who are assessed within 30 days of enrollment and percent of students with a PEP plan.	<p>90% of students enrolled for at least 5 days in the Academy shall be assessed within 30 days of enrollment, regardless of the length of enrollment.</p> <p>100% of students enrolled for at least 30 days will have a PEP plan created.</p>
