

ABOUT

The Detroit Public Schools Elementary-Middle School Athletics Program offers all DPS students in grades K-8 an opportunity to play in an organized sport.

Participating students in grades K-5 will be taught the fundamentals of a variety of sports, including proper technique, skill development and character building within a fun and inclusive atmosphere.

Students in grades 6-8 will continue to sharpen skills and character building, with a dose of healthy competition.

Statistics show that kids do better in school when they are involved in sports.
