Annual Education Report (AER) Cover Letter (2011-2012)

August 13, 2012

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2011-2012 educational progress for the Neinas Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Alberta Lyons, Principal at (313) 849-3701 for assistance.

The AER is available for you to review electronically by visiting the District's website <http://detroitk12.org/aer> or the school's website <http://detroitk12.org/schools/school/270/>. You may also view a printed copy in the main office of your child's school or in the Parent Resource Center located at the Detroit International Academy, Room 141, 9026 Woodward Avenue, Detroit, Michigan.

For 2011-2012, Neinas Elementary School did not make Adequate Yearly Progress (AYP) because:

We did not meet the 90% attendance rate goal.

- Attendance Rate for All Students 86.8%; Hispanic 88.6%; Limited English Proficient 88.8%; Students with Disabilities 85.9% and Economically Disadvantaged 86.8%.

We did not attain target achievement goals for all subgroups of students in English Language Arts.

- Only 43.6% of All of our Students; 10.3% of our Students with Disabilities and 42.7% of our Economically Disadvantaged Students met the AYP State Objective in reading.

We did not attain target achievement goals for all subgroups of students in mathematics.

- Only 10.5% of our Students with Disabilities met the AYP State Objective in mathematics .

Neinae Elementary School was also named a Priority School because the school's performance is in the bottom 5% of the State based on student achievement, achievement gaps and student growth over time in the tested subjects (mathematics, reading, science, social studies and writing; as appropriate for the school grade levels tested). Information used to rank schools is based on the development of the Top to Bottom list of schools and their performance.

We are actively working to address our school performance issues. The administration and staff at Neinas Elementary School are prepared to work to ensure all students receive instruction using proven brain based activities to meet the criteria for NCLB for the 2012-2013 school year. We have received training on the latest proven strategies for Reading comprehension and mathematics to target areas for improvement based on data results from the 2011-2012 school year. We will continue to implement the curriculum as mandated by the Michigan Department of Education and Detroit Public Schools. We will continue to monitor student achievement using Accelerated Reader/Mathematics, A to Z Reading, Raz Kids and DIBELS assessment program. We are collaborating with WRESA to implement of the School Improvement Plan. We will continue to work with our students, after-school, to provide continued instruction in the areas of Reading and Math. Our Literacy coach will work with our staff by modeling best literacy practices and analyzing data to share with staff to drive instructional practices, alignment of the curriculum, lessons planning and pacing calendars to national and state standards.

Parent Involvement

Parents are our most important partner in the education of our students. We are working hard to maintain our established line of communication with our parents. Every correspondence is translated into Spanish for our non English speaking parents. Monthly calendars are distributed every month with all activities for the month listed. We utilize the Blackboard Connect system, which sends messages in both Spanish and English to our parents via voice-mail and text of all upcoming events and meetings. We know our parents work various hours, therefore, we host our parent teacher conferences in both the afternoons and evenings to accommodate our parents. We have hosted two parent workshops for parents on the topic of how to work with their students and teachers to ensure student success. Progress notes are sent home four times a year prior to our regularly scheduled school report cards. We are planning to continue to host workshops for our parents to solidify our partnership. All of our teachers maintain an open door policy so that all parents are welcome to come and visit to observe and participate in their students learning.

State law requires that we also report additional information.

Process for Assigning Pupils to the School

During the 2011-2012 school year, Detroit Public Schools implemented the “Open Enrollment Initiative.” This initiative allows students to elect to attend any Detroit Public School without being required to live within the boundary for that school. The “Open Enrollment Initiative” does not apply to the Examination High Schools, or Application Schools. Parents may enroll their child(ren) in the school of their interest as long as the school has not reached capacity for their particular grade. Enrollment preference is given to students who live within the boundary of a school. It should also be noted that transportation will not be provided for students who select a school outside of the boundary of their home school. “Open Enrollment Initiative” resources can be found on our web-site at:
http://detroitk12.org/resources/prospective_students/.

School Improvement Status

Year	School Improvement Status
2011-2012	Priority ~ AYP Not Met
2010-2011	AYP Not Met ~ Not Identified for School Improvement

Detroit Public Schools’ Core Curriculum:

Consistent with the Detroit Public Schools Academic Plan for 2012-2013, there are aggressive plans to accelerate the rate of student achievement and to ensure that students graduate with the academic and social skills necessary for success in college and the workplace.

Specific curriculum actions are based on the District’s five (5) pillars of student achievement:

- I. Talent management,
- II. High quality teaching and learning,
- III. Rigorous, transparent and continuous improvement cycle,
- IV. Customer service approach to community and each other, and
- V. A secure, inclusive and dynamic culture.

An Executive Summary of the 2012-2013 Academic Action Plan, is available online at http://detroitk12.org/content/wp-content/uploads/2012/05/FINALAcademicPlanExecutive-Summary_2012.pdf.

Access to the Core Curriculum

The instructional strategies and grade level expectations are aligned to the State standards and the NAEP. This represents the core curriculum, which is supported by the texts, materials, computer software and other school level resources used daily in the classrooms. All of the professional development activities are aligned to the core curriculum.

The implementation is a process delineated in the District Plan. This plan serves as the framework for each school's academic achievement plan.

The frequent monitoring of the implementation of these plans are conducted by the school diagnostic visits, review of the benchmark assessments, use of the teacher evaluation tool and adherence to the pacing calendar.

The variances from the State plan can be found in the grade level expectations, which are also aligned to the higher standards of NAEP.

A Summer Parent University is offered with classes to increase parenting skills, early childhood literacy, adult literacy and GED. During the school year, the Regional Parent Resource Center is a vehicle for parents and other community members to participate in regular and on-going informational and participatory sessions focused on curriculum and instruction. Learning Village (an online instructional management system), Web updates and semi-annual progress reports are also a means to disseminate information to parents and community.

Detroit Public Schools Core Curriculum is currently under revision. Pacing Charts and Curriculum guides will be posted to the Division of Teaching and Learning under the Leadership page of our web-site in the near future.

Parent Engagement

- ❖ Use the technology portal for parents to view daily lessons and to communicate with teachers.
- ❖ Implement and follow through with the parent contracts.
- ❖ Use the Parent Resource Center to engage parents in innovative workshops and sessions that are practical and will result in parent support to students at home.

Student Achievement Results

Aggregate Student Achievement Results and Detroit Public Schools Quarterly Benchmark Assessment in Reading and Mathematics for Neinas Elementary School can be found on the Detroit Public Schools' webpage at the Research, Evaluation and Assessment site at <http://detroitk12.org/data/rea/>. The following reports are available:

- District Profile Report
- Combined School Profile Reports
- Individual School Profile Reports
- Adequate Yearly Progress (AYP) Reports
- Annual Education Report

Parent-Teacher Conferences (Interactions):

School Year	Total Parent Interactions	Percent
2011-2012	232	31.4%
2010-2011 (Corrected)	393	51.7%

The Detroit Public Schools' Office of Research, Evaluation, Assessment and Accountability has developed a data collection system which has enabled the District to comply with the Annual Education Report criteria of identifying the number and percent of students represented by parents at Parent-Teacher Conferences.

- 1.0 Data from the PTC Forms represent “parent interactions” with teachers, per school, per card-marking.
- 2.0 Parent Interaction Definition: During Parent-Teacher Conferences (and in some instances school open houses) Schools/Teachers are advised to have each parent participant provide a parent signature—a parent may not sign for a student if they did not talk about that student.
- 3.0 Several DPS schools had a very high percentage of reported parent interactions. This may be due to a number of reasons. In at least seven (7) instances, the calculated percentages are in excess of 100%. In each instance, each of these seven (7) schools is an elementary school or a Foundation for Early Learners School with a large parent turnout at each of the required conferences.

Parent-Teacher Conferences (Interactions): (Continued)

If during each conference, one (1) parent with two (2) students enrolled in the school visited three (3) teachers for each of their two (2) students, this would count as six (6) parent interactions, thus increasing the base number and resulting percentage.

We would like to wish our students, parents and community a successful school year.

Sincerely,

Alberta Lyons, Principal
