Detroit, Michigan 48205-2112

Annual Education Report (AER) Cover Letter (2012-2013)

August 19, 2013

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2012-2013 educational progress for the Osborn College Preparatory Academy. The AER addresses the complex reporting information required by Federal and State laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Tanya Bowman, Principal at (313) 866-0343 assistance.

The AER is available for you to review electronically by visiting the District's website <http://detroitk12.org/aer> or the school's website at <http://detroitk12.org/schools/school/566/>. You may also view a printed copy in the main office at your child's school or at the Parent Resource Center located at the Detroit International Academy, Room 141, 9026 Woodward Avenue, Detroit, Michigan.

The State has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the State. Our school has been identified as a Priority school.

The key challenges for our school are as follows:

We did not meet the 90% attendance rate goal.

- The All Students attendance rate is 79%

We did not test 95% of our students.

- Only 90.22% of the All Students; 90.22% of the African American and 90.00% of the Economically Disadvantaged subgroups were assessed in reading.
- Only 90.22% of the All Students; 90.22% of the African American and 90.00% of the Economically Disadvantaged subgroups were assessed in mathematics.
- Only 92.39% of the All Students; 92.39% of the African American and 92.50% of the Economically Disadvantaged subgroups were assessed in science.
- Only 86.96% of the All Students; 86.96% of the African American and 87.50% of the Economically Disadvantaged subgroups were assessed in writing.
- Only 86.55% of the All Students; 86.47% of the African American; 86.54% of the Economically Disadvantaged and 68.18% of the Students with Disabilities subgroups were assessed in social studies.

We did not attain Differentiated target achievement goals for all subgroups of students in reading.

- Only 0.0% of the Bottom 30% subgroup met the Differentiated target for reading.

We did not attain Differentiated target achievement goals for all subgroups of students in writing.

- Only 0.0% of the Bottom 30% subgroup met the Differentiated target for writing.

We did not attain Differentiated target achievement goals for all subgroups of students in mathematics.

- Only 0.0% of the Bottom 30% subgroup met the Differentiated target for mathematics.

We did not attain Differentiated target achievement goals for all subgroups of students in science.

- Only 6.06% of the All Students; 5.00% of the Bottom 30%; 6.06% of the African American and 6.78% of the Economically Disadvantaged subgroups met the Differentiated target for science.

We did not attain Differentiated target achievement goals for all subgroups of students in social studies.

- Only 0.0% of the Bottom 30% subgroup met the Differentiated target for social studies.

We are actively working to address our Michigan School Scorecard issues, accelerate student achievement and close persistent gaps in achievement. The staff at Osborn Academy of Mathematics, Science, and Technology understands intellectual growth begins with a grand vision and a strong school wide instructional framework. Therefore we embrace a cycle of continuous improvement needed to produce sophisticated and innovative thinkers able to compete intellectually in a technological, scientific, and mathematical society. Given that educational advancement and adequate yearly progress is the overarching vision in our school, learning environments in our school are universally designed from data and a common school wide instructional framework where reading, writing, reflecting, and thinking critically are all embedded across all subject areas.

In an effort to improve AYP, it is our intent to move toward a universal instructional framework, which focuses on skill-based & independent mastery across all content areas. Some of these include formative assessments, courageous conversations, backward design planning, small literacy and numeracy intervention groups. Other programs supporting this endeavor include before, during & after-school tutoring/enrichment and web-based supplemental learning programs (Accelerated Reading & Math, E2020 Online courses, Keys to Literacy, etc.). These Best Practice Strategies augments our mission to educate and graduate high tech thinkers who create innovations that improve the world.

Writing to learn as a strategy, coupled with the routine usage of critical thinking strategies/activities to support students' critical processing, will provide the foundation to build rigor within the curriculum. Additionally, writing across the curriculum will provide opportunities for interdisciplinary collaboration toward the understanding & implementation of the Common Core State Standards (CCSS). There will be an array of professional development opportunities for the staff to provide needed curriculum and instructional support. Monthly surveys (i.e. parents, students, staff) will provide regular feedback regarding the implementation of the School Improvement Plan goals and the overall school climate. The analysis of various forms of data will be used to ensure the needs of all learners are considered in the planning and delivery of instruction.

Parent Involvement

It is important for our parents to be involved in the educational progress. Before the start of the year, the parent committee, alongside a teacher partner, will generate a wish list and act upon it through careful planning and implementation throughout the summer. This group will be divided into parent leadership committees who will focus on improving parental involvement, in and after—school enrichment programs, and school—wide events including open house throughout the school year. Our parent committee supports the schools vision to graduate high—tech thinkers who create innovations that improve the human condition.

State law requires that we also report additional information.

Process for Assigning Pupils to the School

During the 2011-2012 school year, Detroit Public Schools implemented the “Open Enrollment Initiative.” This initiative allows students to elect to attend any Detroit Public School without being required to live within the boundary for that school. The “Open Enrollment Initiative” does not apply to the Examination High Schools or Application Schools. Parents may enroll their child(ren) in the school of their interest as long as the school has not reached capacity for their particular grade. Enrollment preference is given to students who live within the boundary of a school.

It should also be noted that transportation will not be provided for students who select a school outside of the boundary of their home school. “Open Enrollment Initiative” resources can be found on our website at: http://detroitk12.org/resources/prospective_students/

School Improvement Status

Year	School Improvement Status
2012-2013	Priority
2011-2012	No AYP ~ AYP Not Met

Detroit Public Schools’ Core Curriculum:

Consistent with the Detroit Public Schools 2013-2017 Strategic Plan, there are aggressive plans to accelerate the rate of student achievement and to ensure that students graduate with the academic and social skills necessary for success in college and the workplace.

Specific curriculum actions are based on the District's strategic plan to:

- I. Broaden Services to Address Student Needs
- II. Support Parents and Families
- III. Offer Broad/High Quality Programs
- IV. Improve Customer Service
- V. Create Safe Learning Environments
- VI. Transform Central and School based services to serve customers better
- VII. Improve Technology
- VIII. Minimize the Impacts of Change
- IX. Foster School-Based Leadership
- X. Celebrate and Promote Success
- XI. Ensure Fiscal Stability
- XII. Improve Attendance and Discipline

The "Neighborhood-Centered, Quality Schools," Strategic Plan, is available online at http://detroitk12.org/content/wp-content/uploads/2013/03/Strategic_Plan_DRAFT-FINAL.pdf

Access to the Core Curriculum

The instructional strategies and grade level expectations are aligned to the State standards and the NAEP. This represents the core curriculum, which is supported by the texts, materials, computer software and other school level resources used daily in the classrooms. All of the professional development activities are aligned to the core curriculum.

The implementation is a process delineated in the District Plan. This plan serves as the framework for each school's academic achievement plan.

The frequent monitoring of the implementation of these plans are conducted by the school diagnostic visits, review of the benchmark assessments, use of the teacher evaluation tool and adherence to the pacing calendar.

The variances from the State Plan can be found in the grade level expectations, which are also aligned to the higher standards of NAEP.

Parents/Guardians are offered classes to increase parenting skills, early childhood literacy, adult literacy and GED. During the school year, the Regional Parent Resource Center is a vehicle for parents and other community members to participate in regular and on-going informational and participatory sessions focused on curriculum and instruction. Learning Village (an online instructional management system), Web updates and semi-annual

Access to the Core Curriculum (Continued)

progress reports are a means to disseminate achievement information to educators. Parents will have the opportunity to monitor students' progress, including attendance, through **Parent Connect** in the Fall.

Detroit Public Schools Core Curriculum is currently under revision. Pacing Charts and Curriculum guides will be posted to the Division of Teaching and Learning under the Leadership page of our website in the near future.

Parent Engagement

- ❖ Use the technology portal for parents to view daily lessons and to communicate with teachers.
- ❖ Implement and follow through with the parent contracts.
- ❖ Use the Parent Resource Center to engage parents in innovative workshops and sessions that are practical and will result in parent support to students at home.

Student Achievement Results

Aggregate Student Achievement Results and Detroit Public Schools Quarterly NWEA~MAP Reading and Mathematics reports for Osborn College Preparatory Academy can be found on the Detroit Public Schools' web page at the Research, Evaluation and Assessment site at <http://detroitk12.org/data/rea/>. The following reports are available:

- District Profile Report
- Combined School Profile Reports
- Individual School Profile Reports
- Adequate Yearly Progress (AYP) Reports
- Michigan Accountability Scorecard Report
- Annual Education Report

Parent-Teacher Conferences (Interactions):

School Year	Total Parent Interactions	Percent
2012-2013	0	0.0%
2011-2012	91	4.9%

The Detroit Public Schools' Office of Research, Evaluation, Assessment and Accountability has developed a data collection system which has enabled the District to comply with the Annual Education Report criteria of identifying the number and percent of students represented by parents at Parent-Teacher Conferences.

Parent-Teacher Conferences (Interactions) (Continued)

- 1.0 Data from the PTC Forms represent “parent interactions” with teachers, per school, per card marking.
- 2.0 Parent Interaction Definition: During Parent-Teacher Conferences (and in some instances school open houses) Schools/Teachers are advised to have each parent participant provide a parent signature—a parent may not sign for a student if they did not talk about that student.
- 3.0 Several DPS schools had a very high percentage of reported parent interactions. This may be due to a number of reasons. In at least seven (7) instances, the calculated percentages are in excess of 100%. In each instance, each of these seven (7) schools is an elementary school or a Foundation for Early Learners School with a large parent turnout at each of the required conferences. If during each conference, one (1) parent with two (2) students enrolled in the school visited three (3) teachers for each of their two (2) students, this would count as six (6) parent interactions, thus increasing the base number and resulting percentage.

Postsecondary Enrollments (Dual Enrollments):

Year	Total # of 11 th /12 th Graders Enrolled	# of Dual Enrollment Students	% of Dual Enrollment Students
2012-2013	167	49	30.0%
2011-2012	89	0	0.0%

College Equivalency Courses:

Number and percentage of students enrolled in college equivalent courses (AP/IB)

School Year	# of Courses Offered	# of Students Enrolled in Advance Courses	% of Students Enrolled in Advance Courses
2012-2013	1	22	6.59%
2011-2012	0	0	0.0%

Percentage of Students Receiving a Score Leading to College Credit
(Scores from: ACT/SAT/AP)*

School Year	Number of AP Students	Number of AP Exams	Number of Students taking the AP Exam(s) with Scores of 3, 4 or 5	Percentage of Students taking the AP Exam(s) receiving a Score of 3, 4, or 5
2012-2013	0	0	0	0.0%
2011-2012	0	0	0	0.0%
Source: College Board				

*Per the Evaluation Unit of the Detroit Public Schools Office of Research, Evaluation, Assessment and Accountability, data was obtained from the Advanced Placement (AP) Current Score Summary (2013) Report. This report was run August 7, 2013.

The 2013 data for this report provides, per school, the total number of Advanced Placement (AP) students who scored 3, 4, or 5 on at least one Advanced Placement (AP) Exam divided by the total number of AP exams per school.

We would like to wish our students, parents and community a successful school year.

Sincerely,

Tanya Bowman, Principal
